[EPA-R05-OAR-2016-0272; FRL-9964-45-Region 5]

**Air Plan Approval; Ohio; Control of Emissions of Organic
Materials That Are Not Regulated by VOC RACT Rules**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve, under the Clean Air Act, revisions to the Ohio Administrative Code rule as part of Ohio's State Implementation Plan (SIP). This rule has generally been revised to: make minor style changes to meet Ohio's legislative service commission style and formatting guidelines; add specific effective dates within the rule; correct certain errors and omissions introduced when the rule was last revised; remove facilities and units that have been permanently shut down; update the names of certain subject facilities; and modify certain source applicability exclusions. Sources controlled by this rule are not covered by existing Volatile Organic Compound (VOC) Reasonably Available Control Technology (RACT) rules or other organic material emission control rules in Ohio's Administrative Code.

DATES: Comments must be received on or before **[insert date 30 days after date of publication in the Federal Register]**.

SUPPLEMENTARY INFORMATION: In the Final Rules section of this issue of the Federal Register, EPA is approving Ohio's SIP revisions as a direct final rule without prior proposal because EPA views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that, if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule, which is located in the Rules section of this issue of the Federal Register.
